

Our website is for a small online business that sells gym equipment and gym supplements. The main functionality of this website is for the end-user to be able to do the following:

- To search for and purchase gym equipment and gym supplements.
- To view item details.
- To login as a user.
- To view their basket and checkout.

There will be two different types of users on the site, Administrators and ordinary users that can view and interact with the site and basket.
